Hi Eric,

Please let me know if you have any questions on this request!

Thanks,

Eduardo Gabrieloff

Subject: Data request re race/ethnicity data

To: Eduardo Gabrieloff - CDPHE <eduardo.gabrieloff@state.co.us>

Hi,

I tagged you in the epi deck slide 89 with a request. Here is more detail.

-COPHS might be the best data set here. I think it has race/ethnicity data.

-We want to plot rates per 100,000

- 7 day moving average

- Nice to do since Oct 2020 to catch last year's surge as well as our recent one, but we can discuss if that is not doable

- RS does have code for formatting if helpful

I think RH is hoping for this one soon. Tues by end of day? Weds AM? Let me know if someone on your team can do this one.

Thanks

Alicia
